Gentlemen,

Thank you for all the hygiene/morale items you have sent. The Marines and Sailors appreciate it very much. It means a lot to us to know people are out there thinking about us and taking the time to help out in any way. We have been extremely busy, and you can go to the battalion website to follow us as we continue through the summer. Once again, thank you for your support.

Captain Craig Q. Reese
Kilo Company Commander

Captain Reese,

I am the Commanding Officer of the Moss Creek Marines. We are delighted to adopt your unit. Please let me know how many Marines you have in your unit so that we supply an adequate number of each item. In addition, please let me know if there are any other items, in addition to the ones listed below, that your Marines require or want. We will do whatever we can to accommodate their requests.

As veteran Marines, we want to do what we can to support you and improve morale for Marines in harm's way. We above all know that freedom is not free.

Semper Fi,

Alan Calderon
Commanding Officer Moss Creek Marines

Mr. Mott,
I want to start by thanking you for taking the time to help out forward-deployed Marines. As time goes on, I can forward articles about the company as they are posted on www.marines.mil. This should keep you and your friends informed as to our whereabouts and operations that we have conducted. For many of the Marines, this is their first time in combat, and they are performing in typical Marine fashion. Marines of yesterday should be proud of the reputation that the Marines of today carry on. I am just lucky to have been able to serve with the finest men the United States has to offer. I look forward to staying in touch, and hopefully you enjoy watching a rifle company go through an Afghanistan deployment. I will pass on the Facebook page our battalion has to help with communication and provide information about the progress of the battalion. As for the Marines and what they need is very basic. We are located in both a desert and jungle-type environment. Socks, baby powder, baby wipes and typical hygiene products are what the Marines seem to need the most. If there is anything I can do for you, please let me know. Additionally, I write a monthly newsletter which is posted on our battalion web page.
