Mr. Will,
We have received the first 14 boxes, and the Marines love them. I have attached a picture of some of the Marines with your care packages. They're all trying to look cool because they're posing in front of the osprey, but they were all very happy when I delivered it to them. As the drawdown continues conditions are becoming more austere here so the packages you folks sent were a nice morale boost and will continue to be as they role in. I'll send more pictures in the actual shops with the Marines in the coming days.
Semper Fidelis,
Capt Culver

Mr. Will,
Thank you very much for supporting us. I will definitely let you know when we get the packages. I mentioned it at the department head meeting today and the CO and the rest of the department heads were very grateful to your group as well. As we get ready to leave Afghanistan the conditions are gradually becoming more austere so you're packages will be a welcome

taste

of home. We'll get a picture with the marines and their care packages much like your brochure which I received the other day. Thanks again sir.

Semper Fidelis,

Capt Culver, Joshua D
VMM 261 OEF 14.1
S-5 Officer
DSN (318)357-5688

Capt. Culver--

The Moss Creek Marines have just mailed 33 boxes of goodies from your "Wish List" to the Marines and Sailors of VMM-261--We would appreciate it if you would let us know when the packages are received and if possible take a few pictures of your Marines and Sailors opening the boxes and send them to us--

If there is anything else that you all need--please let us know--

Semper Fidelis!

Fred Will
Commanding Officer
Moss Creek Marines
