BERT & STRYKER

Living just a few miles west of K9s For Warriors' campus in Ponte Vedra, FL, Bert drove himself over to attend the three-week program. He had to retire from the Marine Corps after serving for just three years due to a TBI and PTSD. His favorite past times are playing golf, shooting guns, and spending time with his four kids and wife. Of his experience at K9s For Warriors, Bert says:

"This experience has really opened up my mind and let me see different options I have, such as going out in public."
