Helping With K9's For Warriors Service Dog

**ADOPTED HERO NO. 35
LCpl. TRAVIS WITH TY**

WARRIOR-CANINE STORIES: TRAVIS & TY

Travis is a former Marine from Wichita, KS. His role in the Marine Corps was a firefighter and EMT. Travis's goal for the program was to stop feeling stuck in his life post-service, to move on.

"I needed to go somewhere different to learn how to get out of my rut that I created around myself."

He learned about K9s For Warriors through his psychologist, along with personal research on the internet. He arrived at Camp K9 for the December 2017 class, and was paired with rescue dog, Ty.

"Getting a dog from K9s seemed like the next big step for me. You get a sense of responsibility to yourself when you bond with your dog."
