

MOSS CREEK MARINES OPERATION HELPING HEROES

**ADOPTED HERO NO. 38
SGT. JASON WITH GEORGE**

WARRIOR-CANINE STORIES: JASON AND GEORGE

Jason's military career started just after graduating high school. He worked in many different branches of the military, starting with the Marine Corps. Following his service in the Marines, he joined the Texas National Guard, where he chose to serve active duty so that he could do his part. He ended his military career, retiring from the United States Army.

Jason experienced hardships and personal struggles following his time served in the military. After hearing about K9s For Warriors, he decided to give life another shot. He met his battle buddy, George, shortly after joining the program and George gave Jason a newfound sense of hope and purpose within himself.

"Here at K9s For Warriors, the staff has proven there is a light at the end of the tunnel by the name of George."
