

MOSS CREEK MARINES OPERATION HELPING HEROES

Helping With K9's For Warriors Service Dog

**ADOPTED HERO NO. 39
SSGT. KYLE WITH GILLICK**

WARRIOR-CANINE STORIES: KYLE AND GILLICK

Kyle served eight years in the United States Marine Corps. During those eight years, he worked as an Arabic linguist. After leaving the Marines, Kyle decided he wanted to spend his time doing relaxing work. He now works on a farm doing small projects and he dreams to have a farm of his own someday.

Kyle was a hard-working, proud Marine, but he struggled with his inner self and made the brave decision to get help. Upon arriving at K9s For Warriors, Kyle met his battle buddy, Gillick. He described his time at K9s to be difficult but great. Difficult, because it was challenging, but great, because it helped him overcome his obstacles.

“The trainers did a wonderful job with the warriors and the dogs. The facilities were perfect for relaxation and recovery after a long day of training. I am extremely grateful for K9s For Warriors and all of the donors.”
