Helping With K9's For Warriors Service Dog

**ADOPTED HERO NO. 52
MAJ. WILLIAM WITH CHACE**

WARRIOR-CANINE TEAM: WILLIAM & CHACE

William Herron is a US Marine veteran from Virginia Beach, VA. He was a communications officer that was awarded the Joint Service Commendation Medal as well as the Navy/Marine Corps Commendation Medal.

William first heard about K9s For Warriors with an internet search after feeling lost and desperate to become engaged in life activities again.

William became convinced about Service Dogs and said he wanted to apply to K9s For Warriors because: "I'm hoping that I will become more comfortable to leave my house and engage with other people."

William states K9s For Warriors has had an extremely positive influence in his life. He states: "This program helps me be more engaged in life and relationships. Chace helps get me out of my cycle of negative thoughts."

William came to K9s For Warriors in September 2019 and graduated with his Lab mix Service Dog named Bobby. The two have returned home to continue their new life together.

As of September 2019, K9s For Warriors has graduated 571 warrior-canine teams.
