**ADOPTED HERO NO. 54  
GYSGT. DAVID WITH BERT**

## **WARRIOR-CANINE TEAM: DAVID & BERT**

David Kelly is a US Marine veteran from Leesburg, GA. David medically retired after 16 years of service due to various injuries and PTSD. He was a 2141 Amphibious Assault Vehicle Mechanic and Technician.

David is married with two boys, ages 16 and 12. He owns a small farm in Leesburg where he spends most of his time. David has his left leg below his knee amputated but has never let that get in his way of pursuing his passion which is the great outdoors. He enjoys any outdoor activity, but his favorites are fishing and hunting.

After completing K9s For Warriors' program, David hopes to get off all medications and to get into public more. He hopes he can finally move on with his life past the limitations he has with PTSD. He also aspires, because of this program, to be a better husband and dad.

*As of October 2019, K9s For Warriors has graduated 580 warrior-canine teams.*
