**ADOPTED HERO NO. 55  
CPL. JONATHAN WITH BOBBY**

## **WARRIOR-CANINE TEAM: JONATHAN & BOBBY**

Jonathan Pearsall is a US Marine veteran from Stoddard, WI. Jonathan's job in the Marines was deployment plans. He worked a couple of years also in 3<sup>rd</sup> Recon Bn, where he then was deployed to Iraq.

Jonathan has suffered from finding relief from his PTSD despite years of various medications and countless hours of counseling, which never gave him the relief he was seeking. He found himself still avoiding events in his town he wished to go to. Another struggle of his PTSD is outbursts of anger, which lead to destructive behaviors. Jonathan was often unable to go to any store without feeling on edge.

Jonathan stated he was first directed to an owner-trained dog program, which he felt extremely overwhelmed at. Once he found K9s For Warriors, however, he felt he found a fit. He credits the whole team at K9s For Warriors for pairing him with Bobby and giving him a new opportunity to heal.

*As of October 2019, K9s For Warriors has graduated 580 warrior-canine teams.*
